OAUG eLearning Returns: FREE Online Education and Training

The Oracle Applications Users Group (OAUG) is offering FREE, easy-to-access educational, training and networking opportunities for the Oracle family of application users — OAUG Training Tuesdays and OAUG Community Thursdays.

These sessions are for everyone! Whether you are interested in the look and feel of Oracle's E-Business Suite or you are a seasoned user looking to expand your skill set, a diverse range of topics and sessions are available. Everyone in the Oracle family of applications (E-Business Suite, Enterprise and Retek) will want to be take advantage of these FREE training sessions.

Dial into a training session from the convenience of your desk and take advantage of sessions that you would typically pay hundreds of dollars to experience.

OAUG Training Tuesdays will cover a broad range of topics and will be presented by top-rated OAUG trainers. Choose between four different delivery times for OAUG Training Tuesdays, which will feature two course offerings twice daily. **OAUG Community Thursdays** will highlight the best-of-the-best educational and training sessions presented at OAUG geographic and special interest group meetings.

Scheduled sessions begin on October 4, 2005. Review the [full session schedule](#) today and take advantage of this valuable online education, training and networking opportunity!

Accessing OAUG eLearning Sessions

To login to a session, click the "join meeting" link next to the date and time of the session in the session schedule listings. The audio portion of each session can be accessed by dialing the numbers below and entering the passcode no earlier than 15 minutes prior to the beginning of the session you wish to join.

Please note: Some sessions have different dial-in numbers from those below. Please check each session's listing in the session schedule for session-specific dial-in instructions before dialing in to the numbers below.

Don't forget that IT Convergence is also offering courses in SPANISH!
